Magnet, Gasket / Track

SUPERIOR MAGNETIC QUALITY

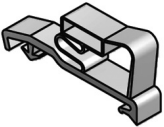

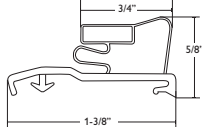

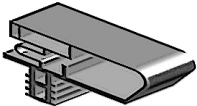

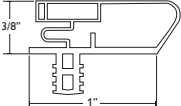

MagTech's own in-house recipe is formulated to have greater magnetic strength and better flexibility than the competition. Custom profiles are manufactured with high-quality raw materials, using a unique state-of-the-art magnetization process that provides superior holding power. All common TopHat/"T" magnet profiles are available in standard and high-energy.

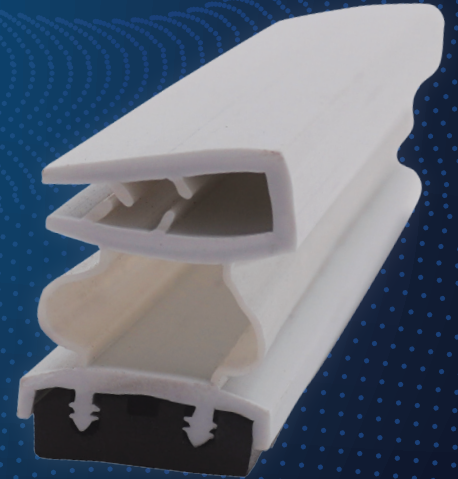

Compound and magnetization options are available for customization of a wide variety of applications.

GASKETS / TRACK

All standard profiles are in-stock and available with industry-leading lead times.

Shower Door Latch

Neodymium Magnet

Neo Magnets are the strongest magnets in the world – the higher the grade, the stronger the pull force of the magnet. MagTech stocks all strengths from N35-N52.

MagTech carries the best neodymium latch magnets in a comprehensive line of stock sizes, shapes and coatings, including our in-house nano coating that has high corrosion resistance. Additionally, we can produce magnets to your specifications all with superior corrosion resistance.

What's holding your project up?

WEATHERABILITY

Possesses great stability in all environments up to 175° F. Excellent aging properties during factory storage. Resists light, ozone and corrosion.

SHIPPING AND PACKAGING

MagTech works directly with trucking companies to ship your product using the most economical shipping method possible. We can package in rolls, bulk on skids, cut blanks in boxes or use personalized packaging for private labeling. Most orders ship within 24 hours.

CUSTOMER SERVICE

We pride ourselves on excellent customer service. We offer genuine, customer-oriented solutions that beat the competition. Rely on MagTech for expert service, convertibility and speed.
